

ENGINEERING FOR KIDS

STEM camps are all about providing hands-on activities that encourage creativity and innovation in kids ages 4-11. Our camps help to inspire the next generation of engineers by helping kids build problem solving skills, learn math and science while having fun, and engage in real world engineering problems. Unleash your child's inner engineer by battling robots, escaping an abandoned island, or sailing the seas seeking treasure this summer! The five-day camps begin the week of July 24 and will continue the week of July 31 at the Caruso Community Center. Please call us at (310) 492-6221 or visit www.engineeringforkids.com/beachcitiesla for more information.

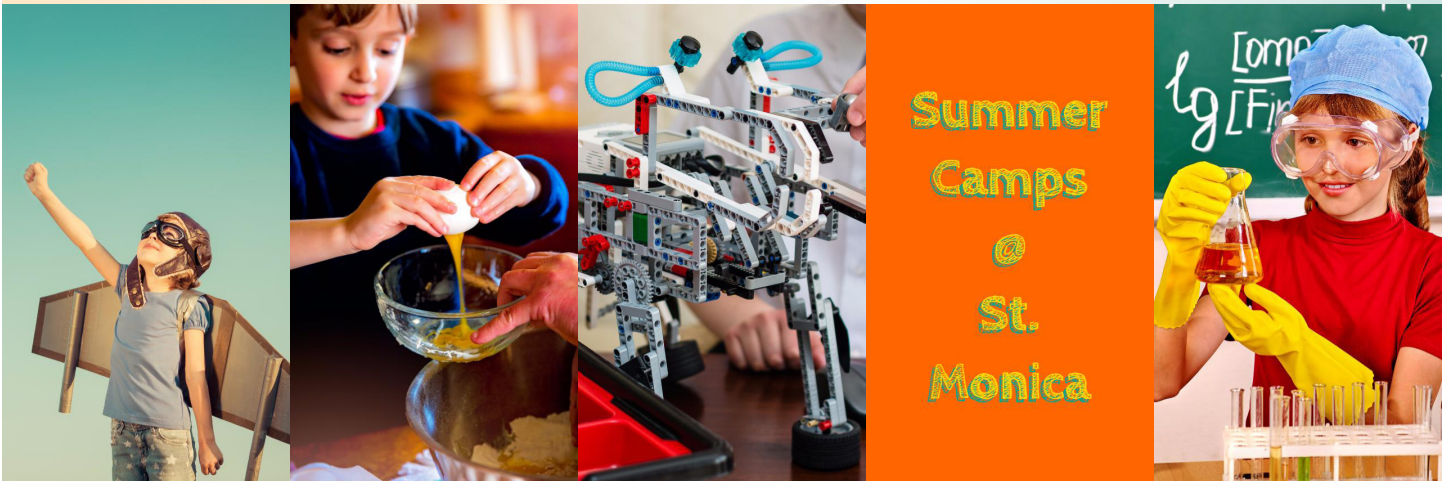

ALL-IN

All-In is a six-week program tailored to elementary and middle school students currently enrolled in Title I schools in the Los Angeles area. We want to beat the “summer slide” (the cumulative learning loss during the summer months) and foster each child's academic and civic curiosity. The program currently offers:

- Intervention-style academics
- Enriching activities and programming
- Socio-emotional support through mentorship

We are currently accepting 4th–8th grade students who are in need of academic intervention and mentorship! If you or any of your network know students who could benefit from this program, please have them fill out a nomination form.

For more information about student enrollment and collaborations, email our Academic Chair at dkelly@urbansummeracademy.org

LIFT ENRICHMENT

Looking for a camp where your child can build and program a Lego robot or cook a dish from scratch? LIFT Enrichment is offering two educational and super-fun camps this summer at St. Monica. Lego Robotics Camp teaches kids about robotics, engineering and computer programming with over 30+ robots to experience. Cooking Camp guides young chefs through 20+ delicious recipes and a trip to the Farmer's Market.

Join for a Half or Full Day

Camp Hours: 9:00 a.m.–3:00 p.m.

Ages 5–12

Sessions: Jul 24–28, Jul 31–Aug. 4, Aug. 7–11, Aug. 14–18

Register online at www.LIFTenrichment.com or call (310) 890-8704 to reserve your spot before we fill up (particularly in August).

KITCHEN KID CULINARY CAMP

Kitchen Kid is thrilled to join the St. Monica community this summer! Our signature cooking camps provide hands-on culinary experiences packed with excitement and kitchen adventures. Young chefs expand their palates, reinforce academic and social skills, and learn kitchen safety and culinary fundamentals...all while making new friends and enjoying great food! For details on weekly themes, schedule, and pricing, please visit www.KitchenKid.com See you in the kitchen!
