

# 4 Faith Organizations Taking Action Today

by the St. Monica Green Team

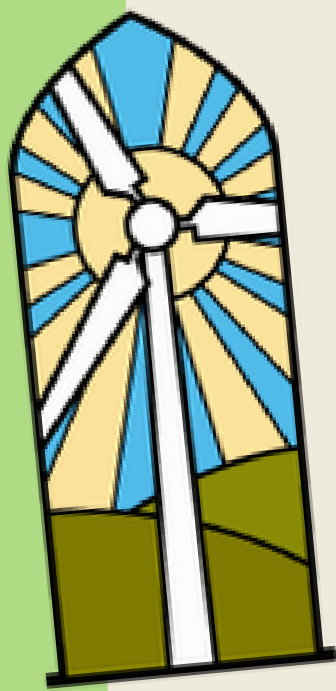

## United States Conference of Catholic Bishops

USCCB's Catholic Campaign for Human Development partners with over 70 community-based organizations in 25 states and has invested more than \$3.2 million to support environmental justice.

USCCB's [Laudato Si' Advocates Program](#) equips individuals with skills to advocate for legislation promoting the integral ecology described in *Laudato Si'*.

## Interfaith Power and Light:

IPL's [Cool Congregations](#) program helps congregations reduce the carbon footprint of their facilities and in their members' homes. IPL also supports [Faithful Advocacy Captains](#) and offers a [movie series](#) to spark discussion about climate change.

## Global Catholic Climate Movement

GCCM's [Catholic Energies](#) program provides expertise to design and finance sustainable projects that reduce parishes' energy costs. The [Catholic Climate Ambassadors](#) are expert envoys available to deliver Catholic teaching on climate change.

## Yale Forum on Religion and Ecology

Through conferences, publications, a monthly newsletter, and its website, this Forum explores the diversity of religious worldviews, texts, and ethics in order to contribute to environmental solutions along with science, policy, law, economics, and appropriate technology.
